

Year R Summer 2 Project: Journeys

In Personal, Social and Emotional Development we are learning to:

- Understand and accept change.
- Build new relationships with other adults.
- Be confident to try new activities and speak in a familiar group.
- Talk about how they and others show feelings and how we can help each other.

In Communication and Language we are learning to:

- use past, present and future forms accurately when talking about events that have happened or are to happen in the future.
- develop their own narratives and explanations by connecting ideas or events.

In Physical Development we are learning to:

- Take part in team games including competitions such as sports day.
- Hold a pencil correctly and form most letters correctly.
- Manage their own basic hygiene and personal needs successfully, including dressing and going to the toilet independently.

In Expressive Arts and Design we are learning to:

- Children use what they have learnt about media and materials in original ways, thinking about uses and purposes.
- Children sing songs, make music and dance, and experiment with ways of changing them.

In Literacy we are learning to:

- Read and understand simple sentences.
- Use phonic knowledge to decode regular words and read them aloud accurately
- Read some common irregular words.
- Show some understanding when talking with others about what they have read.
- Use phonic knowledge to write words in ways which match their spoken sounds.
- Write some irregular common words.
- Write simple sentences which can be read by themselves and others. Some words are spelt correctly and others are phonetically plausible.

In Maths we are learning to:

- Count reliably with numbers from one to 20, place them in order and say which number is one more or one less than a given number.
- Using quantities and objects, add and subtract two single-digit numbers
- Count on or back to find the answer (0-10)
- Solve problems, including doubling, halving and sharing (0-10)
- Use everyday language to talk about size, weight, capacity, position, distance, time and money to compare quantities and objects and to solve problems.
- To recognise, create and describe patterns.
- Explore characteristics of everyday objects and shapes and use mathematical language to describe them.

In Understanding the World we are learning to:

- talk about past and present events in their own lives and in the lives of family members.
- Understand that children don't always enjoy the same things, and are sensitive to this.
